

# USMAN ALI

Freelance Tableau Developer

+923135434423   info@usmandataviz.com   www.usmandataviz.com

## ABOUT ME

I'm a passionate Tableau Developer with strong skills in data cleaning, manipulation, and analysis using Python and Tableau. I create interactive dashboards that help businesses extract insights and make data-driven decisions. I specialize in web embedding, data connectivity, and impactful visual storytelling. I'm currently pursuing a B.S. in Computer Science and actively sharpening my skills to deliver real business value through data.

## EDUCATION

|                       |   |
|-----------------------|---|
| 2024 - Present        | <b>Bs in Computer Science</b>   |
| AIOU - Islamabad      | Pursuing a Computer Science degree at Allama Iqbal Open University (AIOU), with focus on programming, data handling, and digital systems.                       |
| 2022 - 2023           | <b>FSc - Math, Physic, Computer Science</b>   |
| IMCB I-10/1 Islamabad | Studied core science and technology subjects at Islamabad Model College for Boys (IMCB), building strong analytical and problem-solving skills.                 |
| 2020 - 2021           | <b>Matriculation - Science Group</b>  |
| IMCB I-10/1 Islamabad | Completed foundational education in science subjects from Islamabad Model College for Boys (IMCB), with focus on logical reasoning and technical understanding. |

## EXPERIENCE

|                   |  |
|-------------------|--|
| 2024-Present      | <b>Freelance Tableau Developer</b>   |
| Self-Employed     | Designing and building interactive dashboards using Tableau. Specialized in data cleaning, custom calculations, web embedding, and storytelling to support business decisions.                             |
| 2023-2024         | <b>Portfolio Project (Self-Initiated)</b>  |
| Personal Projects | Worked on multiple data visualization projects including e-commerce, Spotify analytics, and marketing dashboards. Practiced real-world scenarios using public datasets to simulate client-ready solutions. |
